DIG A LITTLE DEEPER

Visits

St Peters Church

Maths

Rainforest Maths

- Measuring- how tall are the trees and plants in the rainforest?
- Collecting information using a tally chart and present in pictograms and block graphs.
- Comparing the time zones in different rainforests.

Geography

The Rainforest

Locate the continents and oceans of the world and find out where rainforests are found. Use books and QR codes to find out about the rainforest and the animals that live there. Learn about deforestation and link to recycling.

PSHE

We will be learning how to make new friends and celebrating what makes us unique. We will be learning the importance of being healthy.

RE

We will be learning the names of different places of worship and which religions they link to.

PE

Gymnastics

Turning, spinning and twisting.

Dance- Responding to music.

Sports Coach- Invasion and ball games.

ART

Henri Rousseau-We will be learning about his work and things that influenced his work. We will be practising our colour mixing using powder paints to create a rainforest scene.

Computing

To learn safe and responsible internet use through the following units of Purple Mash:

- Spreadsheets
- Pictograms and tree diagrams
- Presenting ideas

DT

Food technology

- Plan, make and evaluate a snack made from foods grown in the rainforest.
- Prepare food hygienically and safely.

Music

- Animals and Story Time
- Travel and Seasons

We will be learning songs linked to our theme and reflecting on how they make us feel.
