

Drama Afterschool Club

**Drama classes designed to develop imagination!
We focus on creating our own stories and learn how
to bring ideas to life.**

Drama Hub After School Club is a fun and creative space. Throughout the term we explore drama with games and exercises, helping us to improve our focus, listening and teamwork. Each term we devise our own plays, learning how to collaborate and value each others ideas.

At the end of the term we hope to have an informal sharing or we film our work so families can see what we've created!
