

Drama Club

Drama classes designed to develop imagination!

Drama Hub After School Club is a fun and creative space.

Throughout the term we explore drama with games and exercises. Drama helps us improve our focus, listening and teamwork.

Drama Hub is all about Devised Theatre! We rarely use a script.

During the term we work towards creating original stories, weaving together the groups ideas and using devising exercises to develop a play.

At the end of term we have an informal sharing so families can see what we've created!
