

Drama Club

Drama classes designed to develop imagination!

Drama Hub is a fun, imaginative space where we explore drama through games, activities, and creative exercises. Along the way, we build confidence, focus, teamwork, and listening skills.

Throughout the term, we collaborate to create our own original stories, using devising techniques to shape the group's ideas into their own play.

At the end of term, families are invited to an informal sharing to enjoy and celebrate what the group has created together!
